2019/20 Training Calendar

Council offers a series of free workshops annually for our Community Builders

The free sessions and workshops offered throughout 2019/20 have been selected based on feedback received from our community.

They provide opportunities to upskill, build confidence and increase your knowledge around topics important to your community groups. They are also a great forum to meet, network, share experiences and most importantly, have fun!

Registrations

Email alerts will be sent and registrations will open on TryBooking.com six weeks prior to each workshop.

Please note: places are limited for some workshops and priority will be given to representatives of community groups operating in Bass Coast.
