Considerations for applicants

- There is limited parking available for permit holders and no toilet, water or other facilities are available at this location.
- Horse riders don't have the exclusive use of the beaches and are expected to share the beach with other users, dogs are allowed on the beach north of Norsemens Road on a leash and off leash north of O'Connor Road.
- Horse riders must take in to consideration the safety of other beach users and provide adequate space to other beach users at all times.

- Another destination for horse riding is the Bass Coast Rail Trail. The Rail Trail is available for horse riders along its total length from Anderson to Wonthaggi. Please contact Bass Coast Shire Council on 1300 226 278 (BCOAST) during business hours for information on horse riding on the Bass Coast Rail Trail.
- Horse riders must give way to pedestrians along the beach access track at the end of Norsesmens Road.
- For environmental reasons, horses should only be ridden on the beach below the high tide mark. Horses should enter the water a minimum of 100m to the north of the access track in a location where the intertidal zone has coverage of sand.
- Please remember your horse is your responsibility and horses must be under effective control at all times.
