

Help Shape a Better Bass Coast

Community Engagement – Sports and Recreation

Swimming Pools

- construction of a pool
- Would love to see an aquatic centre for Phillip Island as even some of the Tourists wish to swim in a Pool rather than the sea at times.
- A swimming pool on phillip island
- Swimming Pool
- Pool
- We also need a pool not just for swimming but for physio as well as just to go to Wonthaggi pool takes over an hour travel time .
- Public Inclosed pool.
- an amazing indoor pool
- A local pool
- A new swimming and gym facility is also a must.
- public pool
- Why are we planning for a second pool on Phillip Island when the one we do have is not meeting current standards?
- Wonthaggi - a bigger indoor swimming pool
- On Phillip island, Public Enclosed pool.
- Pool.
- Aquatic centre.
- Get rid of old infrastructure and build an undercover pool PLEASE
- A big indoor pool or outdoor
- an indoor pool with waterslide park on the island to help the tourist operators in the off season and when summer doesn't want to happen
- Swimming Pool on Phillip Island
- Swimming pool on Phillip island
- A pool for the island is long long overdue
- Pool on Philip Island
- A state of the art leisure center in Wonthaggi. Featuring heated pools for all ages and water slides. Must have awesome water slides!
- A new aquatic centre. There are enough people to benefit from one. Health benefits are enormous for young and old especially if you had a really warm pool.
- A commitment to proceed with aquatic facility for Phillip Island

- An Aquatic Center & Hydrotherapy Pool.
- I would like to see a recreational & therapy pool for Phillip Island or San Remo to cater for all age groups during winter. Children need to have swimming lessons & ageing population & people living with disabilities would benefit from hydrotherapy & water aerobics.
- rebuild the Wonthaggi pool and courts complex
- Improved recreational activities for children, aquatic centre in Cowes or San Remo
- To build a pool and skate park and increase the opportunity to residents to get outdoors
- Phillip island needs a aquatic centre
- Greg Hunt promised a pool and didn't come through with the goods!
- Also agree with an earlier question asking about the plans for refurbishing and upgrading the Bass Coast Aquatic Centre
 - More trees. Where's the aquatic centre? With so many retirees living in the shire a hydro therapy pool in conjunction with an aquatic centre is a must. !!
- Please give us a public pool on Phillip Island. Been waiting the 23 years I've lived here for this to happen.
- It's time Phillip Island had a good swimming pool.
- Community Amenities - A swimming Pool should be a basic right for a community this size
- Heated indoor pool
- a pool
- Permanent outdoor and indoor swimming pool on Phillip island.
- A swimming pool
- A modern pool in Wonthaggi, a high level playground suitable for all abilities
- swimming pool and indoor sports centre
- A swimming pool
- Indoor pool.
- Swimming pool on Phillip Island
- updated pool facilities, water park
- YMCA pool
- Aquatic centre on Phillip Island including warm water exercise pool. This should be built in a sensible location -not behind civic centre and should be built before updates to Wonthaggi pool so that the effect of a second pool can be fully evaluated.
- An aquatic and leisure center (check out Lakes Entrance)
- swimming pool and tenpin bowling
- Completely agree Sarah. There isn't anything like that around here and it would be amazing if we did have a pool with water slides etc to accomodate all kids of all ages. Adults included. It's hard when we have to travel to Melbs or surrounding areas for something like that!!
- infrastructure and services that are common in other areas, including a pool
- Aquatic centers, wave pools or designated exercise areas
- and upgraded indoor swimming pool like Leongatha
- better swimming pools
- Public Inclosed pool

- A pool would be wonderful for fitness and general exercise the ocean is not suitable for laps every day!! Also for young children to learn to swim.
- Swimming pool if staffing and maintenance can be afforded over years to come.
- improve leisure centre in Cowes, better facilities, and pool.
- Sub-standard aquatic centre.
- Older adults and teens not having big enough swimming/exercise facilities
- Lack of local, year-round swimming facilities.
- An aquatic centre would be great, too!
- The pool but wouldn't trust it to be done properly by bass coast shire council
- Lack of warm water exercise pool impairs older people retaining functionality and health
- Aquatic Centre for Phillip Island.
- Lack of swimming pool for exercise and rehab.
- A really nice modern Leisure Centre, proper modern gym and POOL !
- Not having a local pool for exercise and for people to learn to swim.
- Public swimming pool
- 2. Indoor pool
- Some sort of aquatic centre it's not just for swimming what about rehabilitation facilities.
- Upgrade of aquatic facility in Wonthaggi
- indoor/outdoor swimming, white water rafting, rock wall ?
- A public swimming pool on Phillip Island, a new skate park in Cowes
- Cowes Swimming Pool
- New pool on Wonthaggi.
- possibility of a pool or aquatic centre
- public swimming pool,
- Completion of Cowes pool and recreation centre.
- A swimming pool.
- A better YMCA inclusive of an Aquatic Centre
- Phillip Island swimming pool constructed
- update Wonthaggi pool facilities
- build the pool
- Swimming pool at Phillip island
- Aquatic Centre for Phillip Island.
- new Swimming Pool
- pool improved
- 3)Aquatic Centre Upgrade - Wonthaggi regional centre with water play area, slides, competition pool etc
- The Wonthaggi heated pool facility could be better and also the pool at the cape beach
- We have many quality recreation assets. Improvements to these should be a priority.e.g. Wonthaggi Aquatic Centre renewal project and An indoor pool and activity complex.

- Improved: Aquatic facilities on Phillip Island. Having a young family somewhere to learn to swim is very important to us.
- improve Cowes primary pool for all to use
- I. swimming pool.
- Ymca is very old, Wonthaggi needs a new pool.
- Aquatic Centre,
- The local pool, it needs an upgrade and some excitement in the pool,
- There is no doubt the improvement of the aquatic centre as well as overall sporting facilities needs to be a key area of focus for the shire. There is both community and business benefits from creating better sporting facilities.
- The YMCA swimming pool and area upgraded to an indoor/outdoor swimming pool
- Improve the Wonthaggi Heated pool and complex as planning has commenced for
- An indoor pool for improved fitness, hydrotherapy, rehab, learning to swim etc would be wonderful. As I cannot drive due to my current disability, it is difficult to rely on others to get to the Wonthaggi pool, not to mention the added expense to drive there if I was able to.
- The need for a bigger public pool in Wonthaggi and Need continued investment in our Recreation facilities and infrastructure - pools, reserves, playgrounds, new shared pathways to combat increasing chronic disease issues and enable people to remain active and healthy in their own communities.
- Helping the wonthaggi Basketball Association build a stadium.
- construction of a pool etc.
- A swimming pool is required – Cowes or close by**
- halt on expansion of Wonthaggi pool – use this funding to establish the Phillip Island pool (50mtrs – greater use + function, broader audience...water polo, train, teach, learn, recover) then re-assess Wonthaggi's needs – as a majority of pool users are from the island. p.s. the highest cause of infant death is in drowning and blood cancer *
- Pool with Hydrotherapy*
- An Island pool to include facilities for the elderly/rehabilitation
- We need a swimming pool on Phillip Island*
- A swimming pool is way overdue. It should be considered way before the Wonthaggi upgrade.***
- No public swimming pools in this area
- Ageing population would benefit from all year round exercise in pool, lower health risks. Young children would benefit from swimming lessons, pool instruction all season required.
- Build pool on Phillip Island or in San Remo
- Swimmingpool with spa & sauna
- Indoor Aquatic Centre.
- Aquatic centre
- a swimming pool
- Pool
- Upgraded swimming pool in Wonthaggi.

- A nice swimming area in Rhyll. Indoor all year pool/leisure centre in Cowes, including something along the lines of wave pool, waterslide, waterpark etc.
- Having a pool
- Pool – swimming
- Aquatic centre for the kids
- Swimming pool
- Swimming pool improvements.
- Put pool up near carnival
- We need a pool * PI
- An aquatic centre – slides etc. Then locals and tourists dollars can utilise the island all year round ***
- Pool and 24 hour medical centre **
- Aquatic facility for rehabs and recreation
- Construction of an aquatic centre ASAP! *
- Swimming pool for the Island
- Pool for the Island - a 50 metre pool – better regional and long term opportunities
- Pool on the Island
- Pool and warm water exercise pool
- Hydrotherapy pool on Phillip Island
- Heated! Pool on the island **** - especially hydrotherapy pool
- Pool *
- Use the money for a hospital and tip and a pool
- If a second pool (i.e. mooted Phillip Island) it should be at San Remo for Island and Water line #pool for PI *
- Wonthaggi pool is current Bass Coast Aquatic Centre. Needs to have the commitment to redress and improve this facility. Is in the centre (main hub) of the shire and cannot be let to deteriorate *
- Bass Coast Aquatic Centre – Improve
- More opportunities for people to be involved in community activities, active events *
- Bass Coast Aquatic Centre *
- Keep active – Wonthaggi needs upgrading pool, courts, walking and riding tracks *
- Weakness: No swimming pool and gymnasium around Grantville area. Closest is Wonthaggi. Indoor pool and fitness centre for the future population growth *****
- Swimming pool **
- Hydrotherapy pool and indoor swimming pool and gym
- Hydrotherapy/gymnasium/pool required
- Improve Bass Coast Aquatic Centre ** (2)
- Upgrade to heated pool and complex at Wonthaggi *
- What about Phillip Island pool issue? Where is the money that was raised? What is the status?
*
- Swimming pool for Phillip Island **

- Aquatic centre – where? **
- Swimming pool ****
- Community swimming pool all season *
- Swimming pool – stop talking and act!
- Swimming pool
- The Pool *
- Build and aquatic centre to help these issues ***** (6)
- Improve Cowes swimming pool, heating, wind protection, roof
- Open the primary school pool – all summer
- 50m indoor pool support all and base it centrally in Wonthaggi ✓ **What about Inverloch, especially for elderly**
- Upgrade Wonthaggi pool
- Swimming Pool on the Island
- Swimming Pool on the Island
- Swimming Pool on Phillip Island * (1)
- Waterslide
- Water slide.
- Water Slide.
- Water fountain
- New SwimmingPool (50m) *** (3)
- Redevelop the Wonthaggi Pool and build some (2) indoor courts.
- Swimming pool on Phillip Island.
- Indoor swimming facilities for bass valley primary school which could be used after hours by the local community.
- an outdoor pool
- Improved infrastructure for Phillip Island Eg swimming pool.
- Indoor swimming pool Etc
- an Aqua Center (PI).
- An aquatic centre
- pool for phillip island and tourists
- Construction of the Phillip Island Aquatic centre with hydrotherapy facilities.
- An aquatic Center with hydrotherapy on Phillip Island within 4 years
- Additional fitness facilities including an aquatic complex to service Phillip Island. New or enlarged facility for Wonthaggi.
- I. That there is no Aquatic Center or Hydrotherapy pool. This has enormous ramifications for the general health & well being of a community across all age groups. This must be a top priority for our community.
- I feel it is not wise to pursue the Indoor Pool option for Phillip Island. Although it is a desirable facility, it will in the long term create too heavy a burden on ratepayers for its upkeep.
- Lack of an aquatic centre on Phillip Island.

- Better Bass Coast principle pool
- we need a heated indoor pool and a outdoor pool sports centre, gym ,physiotherapy could work out of it and other medical fields as we have a huge raging population
- Also, It's like a broken record, but an aquatic centre with a hydro pool will enable our aged population to participate in no-impact exercise that will assist them in management of their health and wellbeing. This is a well known fact and Council needs to stop fluffing around and get on with it - healthy oldies means less impact on the medical services.
- Provision of an aquatic centre for Phillip Island to enhance the exercise facilities of residents and visitors
 - 50m outdoor pool – or just an upgrade (Wonthaggi)
 - Spa!
- A new pool in Wonthaggi and some indoor courts (2 or 3). We need a new gymnasium/pool centre. The old one is very overcrowded and even dangerous.
- Swim centre improved and expanded
- Indoor aquatic centre needs improvement.
- Pool in San remo, not PI central.
- Poor quality of Wonthaggi Pool. Poor access into pool and yuk changerooms.
- Better swimming pool in either Wonthaggi or Inverloch for elderly exercises - warm water, geared for aqua exercising
- New pool in Wonthaggi that also has indoor courts
- A pool where the island's children can learn water safety and to swim properly
- Swimming pool in Cowes.
- Cowes has a HUGE aged population - an aquatic centre with hydro pools at both PI and Wonthaggi.
- We would all love this to happen. We have been waiting 16 years and donated a lot of money (like most residents). If it's all too expensive or there is no land - surely there is a way of working with the Education Department to convert the pool at the Cowes Primary School and or work in conjunction with Newhaven College or re-visit the Adventure Resort Lease. We just need a heated pool for swimming lessons, Aqua Aerobics, and general use by residence for their health & well being – NOTHING FANCY.
- Also our need for a P.I. community swimming pool
 - Where is the pool they have been talking about for years, years. It's about time.
- An indoor heated swimming pool (Phillip Island), benefits are countless for the elderly, incapacitated, rehabilitation, learn to swim and general well being for all members of the community. It's a must have facility above and before the modernisation of Wonthaggi's swimming pool.
- A community swimming pool on Phillips Island
- Concerned about our ageing population on Phillip Island. Need more activities/cultural events/physical support – ie hydrotherapy pool, OT and other medical services.
- Build a pool on Phillip Island!! We have been asking for one for years – even had an offer from Newhaven College to supply the land – then a community service!

- Pool (Phillip Island)
- Upgrade YMCA Facilities, move to larger newer site and include and indoor pool.
- Hospital plans and indoor pool.
- Public pool for winter
- If putting \$ towards a pool it should be central (Such as San Remo)
- An aquatic centre (PI)
- No public aquatic centre (Philip Island)
- Take a look at Philip Island which is a crown of tourist treasures of Australia. A highly neglected treasure of Australia. No Aquatic centre, no hospital, no botanic garden, no movie theatre. No place to sit down and enjoy this magic place.
- Indoor Pool)PI)
- Indoor Pool (PI)
- Holiday makers need a pool and cinema in Cowes – they have these in Inverloch/Wonthaggi – so Phillip Island is not as well prepared for holiday makers.
- Phillip Island needs a Pool (*)
- Pool (PI)
- *Needed* a Pool for Children and Adults.
- Pool
- A Pool on PI
- Pool
- Swimming pool (2)
- Pool eg 50 m and Phillip Island and Wonthaggi upgrade (18)
- Phillip Island Pool (49)

Stadiums/Sporting Facilities

- Build a new basketball stadium and an indoor sports area. Do more to get the young ones off the street
- This area needs a state of the art leisure facility somewhere central like Wonthaggi. Indoor stadiums, gym, martial arts, gymnastics, cafe, childcare, heated pools and water slides for the kids (and big kids!). There are plenty of great examples in the sth Eastern suburbs.
- Multi-use Stadium - including basketball (could be shared facility with Aquatics)
- I want more things to do in the town of wonthaggi instead of shopping, like maybe a sporting facility where you can go and play indoor sports like table tennis just for a bit of active fun, or some kind of arcade complex would be great to.
- Better sporting facilities pool inverloch tennis courts indoor stadiums more for our kids.
- Better sporting hub. The swimming pool and basketball complex is well outdated and leaving our kids disadvantaged when wanting to take their sport to the next level. We can never host major meets at home as we don't have the facilities. We are constantly travelling to provide our kids opportunity to be the best that they can be

- I have lived here my whole life, and very little, if not nothing has been updated, in the way of facilities eg, YMCA, sporting venues are a joke, outdated and hazardous, kids can't play their basketball games when raining because of the roof leaking!
- Retain funding for council managed sporting grounds, great progress seems to have been made in recent years improving local grounds.
- maintain the quality up keep of our sporting ovals and improve access to all our beaches and reserves for all walks of life to enjoy.
- I would also like to see the recreation reserves in Wonthaggi set up to cater for all sporting groups (including current clubs as well as upgrade of basketball stadium and addition of other clubs such as the Wonthaggi Boxing Club)
- The Ymca!!
- the development of multi court stadium for further sporting opportunities locally
- We need more money put into sporting facilities.
- Basketball stadium is desperately needed!! You have 16 as apposed to the year before 3, rep side teams representing wonthaggi, we need facilities! Two children rolled there ankles training in one night, due to slipperey surfaces at the high school.wonthaggi used to host a wonderful basketball tournament, bringing huge numbers into the town, but due to the non upkeep on current and older court around town, we cannot hold it. We are the link between the east of Gippsland and Melbourne south east, the potential is HUGE for this town!! Inverloch's community centre is much more family friendly and welcoming than wonthaggi, and having the skate park right next to it, is mich more safe and appealing. YMCA is a must also, the pool is simply impractical for the population. Community projects
- The sporting facilities all need improving. Having the netball courts resurfaced is fantastic but is only the top of the iceberg. We need an update sporting complex i.e.: basketball stadium, larger swimming etc.
- Basketball facilities
- 3-4 competition standard indoor basketball/multi use courts.
- Lack of indoor sporting facility for year round sporting such as indoor soccer, futsal, cricket, netball etc.
- A Gym complex would be another fantastic idea with a pool. The community is growing and there is no gym or aquatic places for the population other than Wonthaggi. It makes it hard when our children don't drive or you need hydro therapy and can't get to one. If you wan to attract people to the area then the need of families need to be addressed.
- Greater emphasis on investment in sporting facilities.
- Indoor Basketball stadium.
- At sports area where pool is, in Wonthaggi, build new pavilion/clubrooms to East of footy ground, for use by footy/cricket/netball/tennis/croquet/skateboarding clubs. Build new tennis courts on grass between skate-board & croquet areas. That way the various clubs would be less isolated.
- Keep improving the sporting facilities in the local towns benefits everyone.
- We really need a full sized soccer pitch in the bass coast. Currently my son plays at trafalgar because the facilities that we have here are not good enough. My daughter played for

Wonthaggi and they don't even have a change room which is a big issue for a teenage girl. We don't even have a full sized pitch. Start investing in these things now because the more children you get engaged in sport and the community the less they will be hanging around the streets which is a huge problem in Wonthaggi at the moment.

- Please recognise we need a high ball facility for the area... we are a huge growing community as you know. We need this. Thanks
- Promote shared facilities - eg aquatics and basketball, school facilities opened up for community use, smaller community groups to share (do not always require their own 'home').
- Basketball stadium/ sporting precinct
- Getting grants for upgrading sport facilities
- The construction of a new sporting complex
- Better sporting facilities for our kids.
- Improving sporting facilities to allow for greater opportunities for participation in sport and opening pathways for further success in chosen sporting fields. Investing in a sports stadium which included a multiple basketball courts, volleyball and also linked into the YMCA. Having a sporting precinct would be ideal.
- Indoor Highball stadium... our kids need a basketball Stadium
- Sporting facilities need big upgrades.
- What's to retain .no basketball stadium dalyston footy ground facilities would be condemned.
- No multi court stadium. Changeroom facilities at ovals are substandard and not suitable for children or women. All the advertising signage at ovals makes them feel like they are owned by the footy club who uses it.
- the deterioration of the Wonthaggi YMCA
- Multi court stadium. Changeroom facilities at sports fields suitable for young people and women. Accessible regional playground.
- To provide appropriate sporting facilities for our kids. Sport is great at keeping kids out of trouble and getting them actively involved in the community. If you play any sport other than afl your facilities in the bass coast are not up to standard.
- Netball courts look ok - hopefully enough seating for spectators. We need to update aquatic centre with basketball court and croquet club.
- Consolidate all sporting activities in our area.
- Keep investing in our local sporting and recreational clubs that provide a pathway for our kids into the future.
- Extension of Sporting facilities *
- Activities for teenager years – improved sporting need public area for basketballs, running tracks etc.
- Sporting Stadium
- Indoor sport venue for activity in all weather
- Support for local sporting venues
- Insufficient opportunities for a range of sporting activities:
 - For young people

- For older people
- Football field
- sporting fields
- Golf course – Coronet bay *
- Facilities for our youth – football, cricket, soccer, gymnastics ***
- Strength: Unrealised water sport based potential
- Improve sports facilities *
- Frisbee golf for kids at Inverloch
- Sporting facilities for the youth (engagement)
- Locate suitable location (Ullathornes) for new sporting Hub ** (2)
 - Move RSL and Bowles into new hub with surrounding playing fields
 - Sport facility, new oval current clubs cannot expand tennis, cricket, soccer, bowls, netball * (1)
- Upgrade sporting facilities ***** (5)
 - Basketball stadium with multiple courts
 - Ensure all clubs are adequately supported with facilities appropriate to their needs
 - Work with clubs to highlight what is available to local kids to promote participation in enjoying sport in all its formats
- Support sports clubs to build facilities
- Development of multi premier sports facility*
- Strategic plan for recreational and sporting clubs across shire *
- Improved sporting facilities for seniors **
- Move recreational facilities for youth – sport and skate centre, bike tracks ***** (9)
- Get gymnasium clubs
- Recreation facilities.
- Time machine
- Gym at Inverloch
- Games room in Kilcunda
- The dalyston change rooms and club rooms need to be updated! Very outdated and rundown compared to other clubs in the area
- New football rooms for the dalyston football club
- Upgrade the Dalyston Recreation Reserve Facilities.
- recreational clubs developed
- Family sporting
- I am involved with the Dalyston Football Netball Club and our change rooms are an embarrassment to our club and also the Bass Coast Shire. Build a playground for the ratepayers of Dalyston or maybe follow and enact the 2013 Dalyston Rec Reserve Master Plan the shire spent a fortune on. We are very grateful for the work done to the playing surface but it really is time for some new change rooms and public toilets etc.
- Upgrade the Dalyston Recreation Reserve Facilities.
- The Dalyston reserve needs a park.
- Dalyston Rec reserve facilities

- Dalyston football club change rooms
- The use of the Korumburra Rd, Wonthaggi sporting precinct.
- The dalyston change rooms and club rooms need to be updated! Very outdated and rundown compared to other clubs in the area
- A dedicated Indoor recreation centre, Basketball stadium.
- More recreational facilities and more natural reserves.
- More recreational/sporting activities for teenage children eg little athletics, gymnastics
- better rec centre facilities, creche outdoor space
- Having a place to play, meet people in my community.
- Better sporting facilities for Cowes. For example, it's embarrassing that we do not have an outdoor basketball court for our children to play on! An additional football / cricket field would allow more people to participate in training and playing sport.
- Upgrade Dalyston Recreation Reserve change rooms.
- Funding for the Inverloch Stars Soccer Club for new clubrooms would be fantastic. Lots of girls are joining the club and they have no changing facilities. We need to encourage everyone in our community to enjoy exercise and social connectedness....change rooms for girls would be a step in the right direction.
- Young kids being active in sport and enjoying working in a team is one of the best things they can do for their growing minds and bodies. The Dalyston Football Netball Club has been providing exactly this in a family friendly environment for more years than I have been on this earth. I remember the excitement of winning a grand final and hope for my boys that they one day have the club as a part of their history. The tireless volunteers work in their day jobs and then in the wonderful club to provide the best environment to support young growing minds. They provide not only the sport to participate in but the full experience, support, meals and what every great club gives - a second family. The football club is beginning a new journey this year to the West Gippsland competition and they are excited to see what this brings to the club. The past two years they have also provided the avenue for girls to be playing footy! In which the side has been extremely successful. With the year of 2017 being the launch of women's footy in the AFL the focus and interest in playing footy for girls has never been higher and the club providing not only a youth girls team but an open team in the local competition. This also means that the club now have people from all over Gippsland visiting the Bass Coast and their facilities every second weekend during the football season.

The facilities however are disgraceful! Be embarrassed Bass Coast Shire! They have not been upgraded before my time. The change rooms which are now home to both male and female players are falling down and should be condemned. The club rooms are not accessible to all people and anyone with a disability are not able to enter the club rooms due a flight of steep stairs. The club has been able to supply a master plan and everything that has been asked of them yet nothing has happened. That volunteers that work tirelessly at the club have done their best to fix them up but sometimes when it's broken it's **BROKEN.**

In 'Shaping a Better Bass Coast' surely this is a priority! Dalyston Football Netball club are bringing visitors into our area and this is the best you can provide them. More importantly, this is the youth of our area! Are you happy for them to have these facilities!

Please hear our voices, we are making a noise for the future of the Bass Coast!

- I believe after the efforts of the Dalyston Rec Reserve Committee trying to keep the football change rooms usable over the last 40 years that the shire needs to do something urgently! They are an embarrassment to the club and the Shire.
- Please have a look at the Facilities at the Dalyston Recreation Reserve. I visit home a few times during the year to watch Dalyston and am appalled that the change rooms have not altered much since my playing days (last game 1980). They should be pulled down and a long overdue upgrade be undertaken at the reserve. Bass Coast Shire Council should treat this as a priority.
- Please include the Dalyston Recreation Reserve in the "Make Bass Coast a better place" strategy, a large number of locals and visitors use the Recreation Reserve for sporting activities which we all encourage. The change rooms are a health hazard and should be condemned, they are an embarrassment and should be a priority item for the Bass Coast Shire Council.
- Just wondering if the Dalyston Recreation Reserve will be included in the "Make Bass Coast a better place" strategy. The change facilities should be condemned. Hundreds of locals and visiting sports people use this recreational space, however facilities are falling down around them.
- I'm the unders 18 coach at the Dalyston football club and was born and raised in Wonthaggi. I played all my junior football and some senior football at the Wonthaggi power football club and have now spent the past 6 years with the Dalyston football club. Dalyston quite surprisingly at the time I joined club had a huge amount of membership base, players (especially juniors) and a huge amount of supporters, they are a great family club. The night the juniors train you can hardly find a park, and club functions attract a massive amount of attendees, I was really surprised at the amount of local support this club had, it seemed to me we had many more numbers of people and families involved than the large club I had just left, another thing I was also amazed with was their crap facilities, I couldn't believe then and still can't believe now how our club operates from these change rooms and social rooms, past players who played for the club in 60s still remember using the exact same pathetic tin shed for their rooms, they are unsafe and should be condemned. For the Bass Coast shire council to not act immediately and fix the problem for so many rate payers who use these facilities so regularly would be unjust. These are by far the worst facilities I have seen any public or private entity use. I hope my concerns are put forward for discussion, the Dalyston rec reserve seems not be represented in this process and I am dumbfounded, I'm sure I'm voicing the concern of the hundreds of people who are apart of our great club.
- Sporting stadium - Wonthaggi.
- No indoor courts. Health is obviously important! So an equivalent exercise/running station should be put in place (as does Inverloch) in Wonthaggi and other country towns.

- building to go to if a disaster happens like fire at Harmers Haven. The existing town hall is antiquated. Why not build a combined basketball, emergency stadium, town hall that can cater for everything. It is an embarrassment that the Mayors ball has to be held at RACV Inverloch.
- A firm commitment to address the poor state of the Dalyston football club change rooms, netball court and social rooms **
- No issues. There are plenty of sporting facilities in this area with Bass Oval and Woolamai Races.
- Kilcunda caravan park originally had a tennis court available to locals. Locals used the park for recreation. Previous managers constantly berated anyone who used the paths. Now the community has increase in numbers, we need access to this area.
- Wonthaggi YMCA
- Public Basketball Courts (PI)
- Upgrade sporting facilities and healthcare.
- I think your goal is to maybe have a gymnastics room with beam, Bars, Vault, Floor and trampoline. And you go there to do gymnastic. Maybe no coaches you just learn by yourself.
- More/better sporting facilities/grounds – general (4)
- YMCA/Basketball (3)
- Stadium/netball courts upgrades (5)
- Recreation (20)
 - Improved sporting facilities
 - Basketball stadium
 - netball courts
 - motorbike tracks
 - more footpaths

Skate Parks

- a skate park
- Skate Park.
- How about a skateboard or multi park for Phillip Island. The place that generates all the MONEY for BassCoast Shire! I'd think we are the worst of Beach town in Australia as far as this goes. Not On Bass Coast Shire
- What is the latest on a skate park for San Remo
- Brett it's a no brainer in Sanny because all the majority of tourists come here with their kids looking for a skate park, not as much to Sanny but the local youth from Sanny all come over to Cowes on the weekends coz this is where the action is. Not Sanny! Please don't make another skate park mistake. It has to be somewhere open where everyone sees it and it needs a little food shop so they can get drinks snacks etc. If they hang out there, it's got to be publicly visible, so they can't get up to mischief. This is a what makes good skate (multi parks)

- A skatepark , any small country town in Victoria has a better skate park than Cowes , this should be a central area with full amenities , similar to any skate park in any major coastal town.
- skatepark with bowl
- more better equip skate parks
- upgraded skate park
- Provision of skate ramps in a number of locations in shire.
- more for the youth skate park, bike tracks and other free activities to keep kids active
- The construction of an undercover or weather protected skate park in San Remo
- Retain/improve skate parks.
- The kids skate park and more local parks in cape Woolamai
- skate parks the main street
- Skatepark on the island like Loch Sport & Tarthra (lake & beachside).
- skate park for the children
- skate park on the foreshore, extended park area with more trees on Cowes Foreshore, skate park
- get a skate park
- Skate Park and are a priority
- Improve healthy activities for young people eg skating ramps (not on foreshore though)
- An exceptional skatepark and
- & new Skate Park
- Construct an skate park in San Remo.
- New Skate park, , create a new vibe in cowes
- Better skate park for the kids
- Please focus on delivering on of the major items already promised, skate park, jetty triangle, development of Cowes,
- Skate park/community space (see Fremantle as eg.)
- More skate parks
- Skate Park and other activities for the youth!! – **And there has been no change in recreational facilities on the Island since the 80s!! ***
- Improve skate park for all types of skate riding: Street, Park, Bikes
- Skate park too small – dose not cater for different ages
- Improve skate park – very dangerous with boulders
- Skate Park and actives for the youth!
- Improve Skate Park with street riding facilities as well.
- Skate park for youth (what about Blue Gum Reserve) and more facilities for young people!!!
– Yes please **
- Skate Park
- Skate parks (new and supervision)
- Facilities for youth on Phillip Island to help occupy them (i.e. Skate Park for San Remo / Cowes)

- “GoorFa’s” / skateboard on footpath
- Skate park Grantville permanent
- Permanent skate facilities in Phillip Island area
- Skate park / BMX track ***** (8)
- Food van at skate park
- Another skate park
- Skate Park at Kilcunda
- Skate park for Bass please!
- Skate Park – Nothing in Kilcunda for local teenagers.
- Skate Park at Killy!!
- Skate park at Kilcunda
- Skate park #1
- Skate park at Kilcunda
- Killy skate park!
- Skate park for Kilcunda *** (3)
- Skate park
- Skatepark #1 (Kilcunda)
- Skate park **(2)
- Skate Park
- Add Bass to the temporary skate schedule, that would be great.
- Skate Park in Kilcunda
- Skate park in Kilcunda for the young people that have very limited facilities in the town.
- a pool and skate park for residents.
- San Remo Skate Park :)
- All good but no skate park
- Making a skatepark
- Skate park in Dalyston Oval - there is so much room for a skate park.
- A skate park in Dalyston.
- More free activities such as skate park and boat ramp in Coronet Bay.
- Skate park at Kilcunda
- A skate park in Dalyston
- skate park in Coronet Bay
- Skate park at Kilcunda
- Roads and footpaths/skatepaths in Dalyston
- Proper Skateboard Park Near open park near beach.
- Skate park (3)
- Skate Park (26)

Parks and Playgrounds

- Playgrounds - we moved here two years ago from Ballarat where our kids had access to playground that weren't just for preschoolers. There were also inclusive play spaces for kids with disabilities, parkour parks for teens/adults etc. Other than the one rocker/swing at Rainbow park in Invy, I'm yet to find anything challenging for my active 7 and 9 year old boys...
- Is there any plans to put up shade sails at the guide park?
- Any chance of getting more swings at most of the major children's parks? 1 baby and 1-2 kids swings just doesn't seem to be enough these days. 2 of each minimum would be better. 3+3 would be excellent!
Could someone also swap out the clumbing holds at the parks for some large holds instead? I've seen many a child try and climb up those small (pro & expert only) holds and slip off or lose their grip. Some nice big jugs would be much better.
- How about putting in some bigger climbing areas too so the kids can traverse along them?
- Probably taking a leaf out of the 1000 Steps playground in Fern Tree Gully would be a good idea then. That place is amazing - but also lacks enough swings.
- I agree though, I'm not a fan of too much plastic, I just used that as an example of what a good climbing wall can look like for an outdoor playground. I would suggest using timber for a wall to attach the climbing holds. Nice an wide to encourage traversing with big holds and lots of exit points to top out and move on to other activities. Let me know if you'd like some help creating it. I'd be up for that challenge.
- Adventure Playground. Other than the new swing at Rainbow Park Inverloch, there are no parks suitable for middle - late primary school aged children. Currently all playgrounds in Bass Coast cater for the very young and are of the small, plastic type variety. We need a variety of equipment, materials used and more interesting modern designs suitable to a wider audience, including those with a disability. A wooden adventure playground please. 2) Better Aquatic Facilities - water play, slides etc
- more parks and garden areas for families including a skate park
- Continued investment in community facilities and open spaces
- Better equipped recreational parks
- A year ago I moved from Cowes to Dalyston with my partner and two boys. A public playground would be beneficial and a footpath from the shop which is the local post office to the school is desperately needed.
- 1) Parks and open space
- 3) Better social infrastructure. Certainly the redevelopment of the Wonthaggi Aquatic Centre and a pool on Phillip Island will assist but parks could be improved with facilities for older children and all abilities play equipment.
- Guide Park near the hospital needs shade over the play equipment for summer and protection from the rain in winter.

- The parks and playgrounds are great and usually well maintained community gardens, arts spaces and events, youth events and spaces. Keep them coming
- Construction of a public playground in a centralized location or at the recreation reserve.
- No real accesible playgrounds suitable for children of all ages snd abilities.
- As Wonthaggi is a growing town I think there needs to be serious thought towards the establishment of a large park for passive recreation.
- New adventure playground in Wonthaggi - (upgrade of playground opposite hospital)
- and fencing Grantville park to protect children's play area
- My suggestion: a) The beaches in the south of Victoria are mostly desirable places to visit in the summer. Bass Coast Shire could offer something special to visitors and residents all year round: Create a collection of themed parks across the Shire. These parks would not be ordinary, standard or boring. Each one would be unique and include BBQs, tables and benches. People could 'do the park trail', around the Bass Coast Shire. All communities, including small communities like Bass and Pioneer Bay would have their own specially designed park. These parks could be developed over many years with funding from multiple sources and local fundraising. It would not be achieved in the short term. It would however be unique and attract many families to visit and many families to appreciate Bass Coast Shire as a place to raise a young family.
- Improve parks and gardens. Residents and visitors to the island have to pay for all attractions. A state-of-the-art adventure playground on Phillip Island would provide activity for children from less wealthy families
- Also shade for the parks. This area has great playgrounds but without sun shades I rarely am able to take my kids because of the sun exposure making the equipment too hot etc.
- More parks and playgrounds.
- More trees and parkland
- Childrens play equiment/swings/slides at the newly established rec reserve at Surf Beach just off the Esplanade. Open space but nothing for kids to do.
- Surf Beach new park BBQ area to have swing and slides
- Fence playground please
- Parks
- More parks
- A rotunda for Rhyll Foreshore Yes!
- Also more “picnic friendly” facilities (tables/BBQs etc.) along Rhyll foreshore
- Ventnor Rec Reserve plan completed
- Playground at Erehwon Point seriously re developed – re: Marysville or a water inspired theme.
- Play grounds on way (from Kilcunda – Cape Paterson - Inverloch)
- More playgrounds in Inverloch. New estates need space for playground/basketball shooting space included with every development and built * (I)
- Link in with bike paths
- We only have 1 playground (Rainbow Park) not enough for when town is busy and too far away from many homes

- BBQs at Park Parade Reserve (cape Paterson) *
- Playground equipment for over 12's
- Second BBQ at Birt Reserve
- Park Parade Road park has no facilities ie toilet, bbq. It is the CFA 'neighbourhood safer place' (last resort) ** ✓
- More playground facilities for older children ie skate parks
- improvement to local parks etc. e.g. Cape Woolamai infrastructure and facilities
- Exercise stations at improved parks *
- Shade sails over playground at guide park.
- Accessible regional playgrounds with shade, mature play equipment for all ages.
- Shade sails over playground in guide park would be great, many thanks.
- Sail Shade at Guide Park would be great on hot days.
- A water park :)
- A water park at Wonthaggi
- Shade sails in playgrounds
- Water bomb park
- A water park
- A Theme park
- A Pillow Worlds
- A Giant Flying Fox
- Kids water fountain play park (Like in Cairns etc).
- More "adventure style" Exquipment in Rainbow Park * (1)
- Shade for kids play parks *** (3)
- Parks in Vicars Estate Wonthaggi.
- Activities in Parks. School Holiday games. Cricket, Frisbee golf. Games.
- More play grounds for small children
- New parks such as the ones Casey have at Casey fields, and Ballam park in frankston city.
- The health and well being of our small community of Dalyston could be so much better if we had a park and more footpaths. Children and people alike being able to walk ride and play within our community will promote healthier lifestyles.
- Wimbledon Heights Park – Fantastic area but underutilised. Add BBQ and rotunda.
- Develop the Wonthaggi Apex Park :)
- Childrens activities playgrounds
- Better playgrounds
- A play ground in Dalyston
- Dalyston - playgorund. Refer to masterplan 2013 - and time for implementation.
- Also a park / playground in Tenby Point!
- Parks
- A school Crossing and a park in Dalyston
- Improved playgrounds. Accessible fun for the whole family, trees for shade, nature play.
- All playground areas to have fencing around - Corinella, Coronet Bay, San Remo etc

- No really good playgrounds with access and shade.
- A BBQ at the new wetlands area under the shade covering.
- System of playgrounds for families and tourists. Innovative 'Playground Trail' Long term developments, opportunities for community engagement/funding.
- More barbecue and picnic areas around the Island and more toilet blocks. Some of the toilet blocks need urgent upgrade due to the volume of people
- Playground in Dalyston
- Outdoor exercise equipment in small towns
- Cape Woolamai playground area needs a BBQ facility – similar to the Newhaven one.
- Improve foreshore in Cowes – why not fitness equipment and drinking water, like Inverloch?
- Better & more varied sport and playground facilities particularly for teenagers.
- The Nobbies should have the playground back.
- Bubble taps (3)
- Playgrounds
- A Pizza oven in one of our parks. Eg Guide Park

Other

- Water Park in Wonthaggi for family's a children to enjoy.... This is ours that just got built an opened few weeks ago in Wallan Vic its fantastic!!!!
- bring back the cinema – PI
- Surfboard lockers that you can hire at smiths beach please! So the surfing mums can leave their boards at the beach!
- I would love to see a roller skating facility in the area, there are plenty of facilities for skate boarding (a male dominated activity) but few (if any) places locally for my young girls to roller-skate safely and as a family recreational activity. It's also a great indoor activity in the cooler, wetter months of the year.
- second that (roller skating), great fitness activity, brings back memories, could also gave an upgraded mini golf!! It's an embarrassment.
- (Re Roller Skating) Having grown up skating badly at Caribbean Rollerama I heartily endorse this!
- I suggested some time ago that a parkour park should be established. It is one of the fastest growing activities, not just for teens but for adults who participate in competitions overseas. Young people from Bass Coast have to travel a fair way to access facilities and of course rely on parents to take them there.
- More money invested in coastal infrastructure. Developing Bass Coast as a water sports destination (as per previous Council Recommendations)
- An entertainment complex in Wonthaggi. Bowling, pool tables, fun activities - this would give youth something to do as well as adults and a place to have fun and hang out.
- More Entertainment = Things to do in WONTHAGGI
- An all weather synthetic Athletics track at South Dudley Campus

- Some entertainment for families ideally a bowling alley where the old Coles sight is. There could be a game zone bowling alley and cafe to have coffee etc
- More entertainment, recreation facilities
- I would like the YMCA to have improved gym facilities including its own toilets and changerooms. I would also like to see the library become a library again rather than a noisy, disruptive drop-in centre. There must be other venues where this can be set up for those who simply want to use computers and make a lot of noise.
- Enhanced funding of recreation facilities to complement the natural attributes of the area.
- The complete lack of both general (recreation opportunities outside of sporting clubs)
- Activities for older residents
- That there are not enough recreational or health needs met in the shire. If you look at Cardinia, Geelong and Casey they cater and build for a very active community, they encourage people to get outside, in all areas of their shires. But in Bass Coast the council doesn't, it is only highlighted in certain areas and not accessible to all whom live in the shire and that shows disparity between wards and its not right!
- Encourage more/diverse social activities in locals halls to get people moving and interacting. Not just during the day, many people work/ go to school. Many activities in bc planned for retirees! Hall committees meet during the day. What about Disco dancing nights , yoga, badminton, community soup and movie nights, after work walking groups. Take away barriers that may prevent hall committees from allowing all community to use halls.
- Lack of outdoor free fitness like Inverloch, no free swimming pools.
- Not enough youth engagement or recreational facilities in the smaller communities.
- More recreational things for residents to do, access to more activities
- The council's support of the Cape Paterson LSC is a good move. 1st Surf is our top beach and our main attraction
- Gaming arcade, bowling, skating, something for young ones and families.
- Encouragement of participants exercise, public health
- More community 'connectedness'. ie. Green Space/Free activities
- Installation of dog/people fountains around facilities at Grantville.
- Wet weather - winter activities; Cinema. Leisure Centre, Indoor Activity Centre
- Things to do with friends
- Improved leisure facilities in Inverloch.
- Better recreation facilities - buildings, not grounds.
- Water park!
- Leisure Centre.
- More seats around town
- Needs to be activity based for physical and mental health ie: swimming, fishing, walking and cycling.
- Weight of the community, subsidised gyms may help
- Physical activity

- Obesity of population - community incentives to achieve better fitness for all ages, throughout Bass Coast. Maybe group exercise sessions in summer ie: aerobics/tai chi
- Obesity - encourage fitness and better eating
- Re-establishment of Wonthaggi LS building
- Reduce funding to sports clubs.
- Hub *
- Strength: Arts and leisure ***
- Strength: Unrealised water sport based potential
- Create an Activity Centre Plan for Wonthaggi
- Promote alternatives to main stream sports
- No gymnastics in Bass Coast, more active things for young people who don't play AFL etc.
- Active kids
 - programs embracing beach culture
 - Volleyball and sandcastles
 - Organised events
- Provide tangible support eg facilities (buildings) to the various arts groups eg ASPI
- Do a masterplan for the bowling club and yacht club to build a new service club ✓ (may be move the Inlet Hotel to the new club overlooking the Inlet ✓ Leave the pub out of it ✓
- in less than 4 years bike path to Inverloch
- Rotary Park in Wonthaggi is an under-utilised space.
- Foreshore upgraded better toilets, parking and playground. Look at Torquay...
- Love parkrun at Inverloch.
- Table tennis tables in parks see Barcelona!
- More children attractions (state coal mine is a great example),
- More investment in the sporting precinct and sports in general.
- Kids playing sport and in particular my club's sport of cricket. Numbers at an all time low.
- Safe areas to undertake recreation
- Good leisure facilities to ensure tourists want to keep coming to the area
- Belly Dancing and Hula Hoop Classes
- We need a Bounce like Melbourne. Lots of people would go
- More activitie places. Gets boring around here sometimes.
- Opportunities for cycling.
- More fun things!
- Bounce, ice skating, maybe a theme park on Phillip Island for tourists.
- Bounce, zoo, ice skating, rollerblading, wave pool. A new pool centre with water slides
- Outdoor exercise equipment in small towns to help people get healthier
- bike racks - more please
- Meeting room in transaction centre Grantville used for older adults exercise, oldest is 89. Doing it for 5 years. Please swap current tables to light/fold up tables so we don't have to move heavy tables, and can fold up to allow more participants.

- Greater level of community involvement and consultation by Council with residents with planning Improved community facilities at Cape Paterson
- Lighter tables in Council Grantville so more people can come to exercise and oldies don't have to move heavy tables
- Chances for people non sporty to participate in exercise/activity.
- More activities from kids and adults
- Bowling Alley
- Having more things to see and do everyday.
- Sports clubs/dancing for young Islanders. Lessons and teen disco.
- Sport club funding should be linked to white ribbon accreditation
- Leisure Centre (PI)
- A Bigger Leisure Centre (PI)
- Water Park
- Water Park
- ice skating rink
- Trampoline place (PI)
- More horse riding x 3
- Surf lessons / SUP
 - Swimming pool
 - Boring (2)
- Roller blading/roller skating
- Bowling alley
- Fun activities

Life Saving

- Lifesavers on Forest caves
- Patrol Beach at Killy
- Help with supporting the Cape Paterson Surf Life Saving Club
- Upgrade of Cape Paterson SLSC
- Redevelopment of the Cape Paterson Surf Lifesaving Club Bike path from Cape Paterson to Inverloch
- Re-build Cape Paterson Surf Club
- Help cape paterson slsc build another clubhouse!
- Build a new SLSC at Cape Paterson
- Help the Cape Paterson Surf Life Saving Club in the development of a new facility
- Approval and financial assistance for the redevelopment of the Cape Paterson Surf Lifesaving Club building
- The redevelopment of the Cape Paterson Surf Life Saving Club
- Support Development of new SLSC Cape Paterson
- Oversee the completion of a new facility at the CPSLC
- New surf life saving club at Cape Paterson.
- New surf club in Cape Paterson

- Support the completion of construction of the Cape Paterson Surf Life Saving Club
- I would like to see the council support all the local surf life saving clubs as they are an integral part of keeping our local beaches safe.
- New Clubhouse at Cape Paterson, better parking, better transport from Wonthaggi
- Pledging funds to support the building and upgrade of the Cape Paterson SLSC Rooms and facilities
- Rebuild Cape Laterson surf lifesaving club
- Support CPSLC in rebuilding their clubhouse
- Upgrade CPSLSC
- Would like to see the Cape Paterson Life Saving Club development completed
- Help Paterson Surf Life Saving Club replace their building
- Modernise Cape Paterson SLSC facilities, new activities/attractions for children
- Fund and support at all areas of government, the redevelopment / rebuilding of the Cape Paterson Surf Life Saving Club.
- Support Cape Paterson SLSC Building Fund
- Cape Paterson Surf Life Saving Club building redevelopment
- Cape Paterson life saving club has grown a lot over the years. I know they are getting a new club house which will be valuable asset to the community.
- Continued support for Cape Paterson Surf Life Saving Club and the enormous building project in 2017.
- Please help the CPSLC, they provide such a great service, and bring much-needed visitors (\$\$\$) into the area. Thank you.
- Provide greater funding and promotion of Life Saving clubs in the shire.
- The surf life saving club promotes healthy lifestyle, attracts people to the area and requires them to return repeatedly to complete their life saving qualifications to also brings money into the shire
- We would like to see the continued investment in and support of surf life saving facilities at Cape Paterson that were in place prior to council elections. The surf club at Cape Paterson can not continue with its current building and it can not support the community without councils financial help.
- The surf life saving club is a community asset that engages our youth and assists to bring many tourists to the area which in turn supports local business and industry.
- Cape Paterson Surf Life Saving Club redevelopment
- Please support the Cape Paterson SLSC in its building development. The clubhouse has been in a derelict state for 20+ years.
- Fund and support at all areas of government, the redevelopment / rebuilding of the Cape Paterson Surf Life Saving Club
- Cape Paterson SLSC is top of the list. A great family club but way too people involved for the aged facilities.
- Would like to see the Cape Paterson Life Saving Club development undertaken
- Cape Paterson Surf Lifesaving Club rooms.
- Rebuild of Cape Paterson Surf Life Saving Club.
- Cape Paterson surf life saving club

- Cape Paterson Surf Lifesaving Club
- As above, the Cape Paterson SLSC rooms and facilities.
- Cape Paterson Surf Life Saving Club needs an upgrade/replacement
- Please support cape Paterson surf life saving club building
- I would like to see improvement in supporting the local cape Paterson surf life saving club on there rebuild as I feel this brings both support to the community as well as supports the volunteers.
- Cape Paterson Surf Life Saving Club
- New surf club in Cape Paterson
- New surf life saving club at Cape Paterson. I have enjoyed the upgraded toilet block and showers and think a new club would be great
- Cape Paterson life saving club
- Cape Paterson Surf Life Saving Club
- Please assist with funding to improve the building at CPSLC
- New Building for Cape Paterson Life Saving Club
- I support and want the council to support the redevelopment of the Cape Paterson Surf Life Saving Club
- Cape Paterson SLSC buildings are tired and need improving as we have so many families enjoying the area nowadays.
- Improvement of the Cape Paterson Surf Lifesaving Club facilities
- The surf lifesaving club building improved
- Cape Paterson and Wonthaggi SLSC
- Cape Paterson SLSC is in dire need of a re-build
- Cape Paterson slsc is in desperate need of rebuilding. Roads and parking need to be improved around cape, inverloch and beach areas.
- Cape paterson life saving club, club room is an embarrassment and needs upgrade
- The Surf Life Saving Club building project will enhance the safety of all who visit the Cape Paterson beaches.
- Cape Paterson Surf Life Saving Club
- New Cape Paterson Surf Lifesaving Club house
- Cape Paterson Life Saving Club - 1st Surf
- Redevelopment of the Cape Paterson Surf Lifesaving Club
- Cape Paterson Surf Life Saving Club
- We are involved with the Cape Paterson Surf Lifesaving Club, this building needs to be replaced to ensure the ongoing training and development of nippers and life savers to keep the beach safe.
- Modernized facility at Cape Paterson SLSC for wider community use Variety of Commerce
- Updated surf life saving facilities
- Every school holidays we spend time at Cape Paterson and over summer spend time at Cape Paterson Surf Life Saving Club with our children participating in Nippers and Patrolling. A new club house would benefit the over 500 members

- More patrolled beaches more often
- Improve facilities at both life saving clubs (possibly amalgamation of two clubs) with patrol towers for the beach without club.
- Better surf lifesaving clubs, so that when I bring my family to the beach, I'm more confident they will be safe in the water.
- Beach safety for the kids
- New surf club in Cape Paterson
- Development of the cape paterson life saving club
- Please continue your support of the Cape Paterson Surf Lifesaving Club (CPSLC)
- New building for the Cape Paterson Life Saving Club
- A more engaging/friendly surf Lifesaving club at Cape Paterson
- Surf lifesavers free to do their jobs properly
- The link to community already supported by the Surf Lifesaving network in Cape Paterson is something really special. Investment in the CApe SLSC not only will drive tourism (better patrolled beaches) but drive community with expanding Nippers, SLC and Bronze Camp participants.
- I think investing in making the local beaches safer! As in as the population of cape Paterson is looking to get bigger maybe paid lifeguards there during the peak of the season.
- Safer beaches
- Fund and support at all areas of government, the redevelopment / rebuilding of the Cape Paterson Surf Life Saving Club.
- modern facilities for Cape Paterson SLSC
- More spent on clubs such as the life saving clubs which promote health and wellbeing especially for children.
- Beach/Surf safety Security
- Concerned that the redevelopment of the Cape Paterson Surf Life Saving Club will not go ahead
- Facilities of the current SLSC out of date
- Safety at the beach
- Lack of surf life saving infrastructure.
- The facilities of Cape Paterson Surf Lifesaving club
- Beach safety
- Fund and support at all areas of government, the redevelopment / rebuilding of the Cape Paterson Surf Life Saving Club.
- Beach safety. Especially with the recent increase in numbers of swimmers, many not recognising the dangers of unpatrolled beaches.
- Develop Cape Paterson SLSC as a community facility (HUB). Refer seaspray SLSC development.
- The Cape Paterson Surf Lifesaving club needs financial support for a new clubhouse which is currently in dire need of replacement

- The strength of our lifesaving clubs. Just give them the support they deserve. City of Kingston did it with Mordialloc LSC's new facility and community hub. Why can't you?
- Cape Paterson surf club house improved as they give much to the beach, community and the hall is a hub for activities
- - Better access to safer beaches - A new lifesaving facility at Cape Paterson first surf beach
- Kilcunda has only a couple of safe swimming beaches.
- New clubhouse at Cape Paterson SLSC Walking track along coast road between Cape Paterson and Inverloch (bikes)
- #1 - replacement of the Cape Paterson Surf Lifesaving Club house with a new clubhouse on the existing site.
- Permanent skate board park for Coronet Bay.
- Funding towards patrolled beaches - Kilcunda etc (life savers0
- Surf LS Club is fabulous.
- A few more walking tracks through bush reserve from Cape Paterson SLC to 2nd Surf, similar to tracks winding through from Caravan Park to Cape Paterson LSC
- Life savers patrolling the beaches regularly. Tourists like to know that their kids will be safe.
- Paid life savers during the peak holiday period
- Implementation of the Cape Paterson Bay Beach Plan and expand it to first surf and the surf life saving club development Replacement of Cape Paterson Surf Life Saving Club
- New surf club building at first beach
- Cape Paterson surf life club redeveloped to ensure up to date facilities enabling expansion of patrol services to provide safe swimming Improved/enhanced maintenance of parks and community facilities at Cape Paterson
- Amenities need to be improved to cater for the increasing numbers, especially the Cape Paterson Surf Life Saving Club need to be rebuilt, given it is unsafe and unable to cater for the growing number of people
- Cape Surf Life Saving Club
