

# Pioneer Bay Road and Drainage Improvement Project

Issue 3 – June 2017

## Council's Decision – June 2017

We refer to our previous correspondence which outlined the results of the questionnaire and the preferred design option for the Pioneer Bay estate. Council considered the results of the questionnaire at the 21 June 2017 meeting.

At this meeting Council decided to:

- 1. Adopt Option I as the approved design for any proposed upgrade to infrastructure in Pioneer Bay.**
- 2. Advise property owners that any future upgrade will be as per Option I and be partially funded by property owners.**
- 3. Consider a further report to Council in the future detailing the proposed funding model for the upgrade in Pioneer Bay area.**
- 4. Advise property owners via post of Council's decision.**
