

This indigenous vegetation list is a guide to assist in selecting plants suitable for growing in the Kilcunda area. The list is based on the ecological vegetation classes (EVC) appropriate to the area. EVC's are useful in identifying the plant species suitable to area and specific growing conditions. To find out about your specific EVC, check the Biodiversity interaction map link: http://vro.agriculture.vic.gov.au/dpi/vro/wgregrn.nsf/pages/wg_vegetation_res_evc_descriptions

The EVC's for this area are:

EVC 83 – Swampy Riparian Woodland

EVC 161 – Coastal Headland Scrub

EVC 163 – Coastal Tussock Grassland

EVC 175 – Grassy Woodland

The list of plants below is the recommended species for your area. The list may not include all the species listed in the EVC's due to growing conditions in your area and/or the degree of difficulty to source.

There are a number of local nurseries that supply these species.

Trees

Common Name	Scientific Name
Drooping sheoak	<i>Allocasuarina verticillata</i>
Narrow-leaf peppermint	<i>Eucalyptus radiata s.l</i>
Swamp gum	<i>Eucalyptus ovata</i>

Large Shrub or Understorey Tree

Common Name	Scientific Name
Blackwood	<i>Acacia melanoxylon</i>
Black sheoak	<i>Allocasuarina littoralis</i>
Black wattle	<i>Acacia mearnsii</i>
Swamp paperbark	<i>Melaleuca ericifoliac</i>
Woolly tea-tree	<i>Leptospermum lanigerum</i>

Medium Shrub

Common Name	Scientific Name
Coast beard-heath	<i>Leucopogon parviflorus</i>
Coast tea-tree	<i>Leptospermum laevigatum</i>
Coast wattle	<i>Acacia longifolia ssp. sophorae</i>
Common cassinia	<i>Cassinia aculeata</i>
Common heath	<i>Epacris impressa</i>
Hedge wattle	<i>Acacia paradoxa</i>

Prickly currant-bush	<i>Coprosma Quadrifida</i>
Prickly tea-tree	<i>Leptospermum continentale</i>
Seaberry saltbush	<i>Rhagodia candolleana ssp. candolleana</i>
Sweet bursaria	<i>Bursaria spinosa</i>
White correa	<i>Correa alba</i>

Small Shrub

Common Name	Scientific Name
Cushion bush	<i>Leucophyta brownii</i>
Erect guinea-flower	<i>Hibbertia riparia</i>

Herbs

Common Name	Scientific Name
Bidgee-widgee	<i>Acaena novae-zelandiae</i>
Ivy-leaf violet	<i>Viola hederacea sensu Willis (1972)</i>
Kidney-weed	<i>Dichondra repens</i>
Rounded noon-flower	<i>Disphyma crassifolium ssp. clavellatum</i>
Shiny swamp-mat	<i>Selliera radicans</i>

Scrambler or Climber

Common Name	Scientific Name
Bower spinach	<i>Tetragonia implexicoma</i>
Common apple-berry	<i>Billardiera scandens</i>
Love creeper	<i>Comesperma volubile</i>
Small-leaved clematis	<i>Clematis microphylla</i>

Grasses

There are many different types of grasses indigenous to this area. Here is a short list of suggestions.

Common Name	Scientific Name
Black-anther flax-lily	<i>Dianella revolute s.l.</i>
Coast sword-sedge	<i>Lepidosperma gladiatum</i>
Coast tussock-grass	<i>Poa Poiformis</i>
Common bog-sedge	<i>Schoenus apogon</i>
Kangaroo grass	<i>Themeda triandra</i>
