

52.0924/01/2020
VC160**EXTRACTIVE INDUSTRY AND EXTRACTIVE INDUSTRY INTEREST AREAS****Purpose**

To ensure that use and development of land for extractive industry does not adversely affect the environment or amenity of the area during or after extraction.

To ensure that excavated areas can be appropriately rehabilitated.

To ensure that stone resources, which may be required by the community for future use, are protected from inappropriate use and development.

52.09-124/01/2020
VC160**Application**

This clause applies to an application to use or develop land:

- For extractive industry;
- Within an Extractive Industry Interest Area; or
- Within 500 metres of an existing or proposed extractive industry operation.

52.09-224/01/2020
VC160**Application requirements**

An application to use and develop land for extractive industry must be accompanied by:

- A copy of a work plan or a variation to an approved work plan that has received statutory endorsement under section 77TD of the *Mineral Resources (Sustainable Development) Act 1990*.
- The written notice of statutory endorsement under section 77TD(1) of the *Mineral Resources (Sustainable Development) Act 1990*.
- Any conditions specified under section 77TD(3) of the *Mineral Resources (Sustainable Development) Act 1990*.

These requirements do not apply if the proposed extractive industry is exempt from:

- The requirement to obtain a work plan under section 77G of the *Mineral Resources (Sustainable Development) Act 1990*; or
- The provisions of the *Mineral Resources (Sustainable Development) Act 1990* under section 5AA of that Act.

52.09-324/01/2020
VC160**Referral of applications**

An application to use or develop land for extractive industry must be referred under section 55 of the Act to the person or body specified as the referral authority in Clause 66.

Unless the referral authority is the Roads Corporation, the referral requirement in Clause 66 does not apply if a copy of a work plan or variation to an approved work plan accompanying the application was given to the referral authority under section 77TE of the *Mineral Resources (Sustainable Development) Act 1990*.

52.09-424/01/2020
VC160**Decision guidelines**

Before deciding on an application to use and develop land for extractive industry, in addition to the decision guidelines in Clause 65, the responsible authority must consider, as appropriate:

- The effect of the proposed extractive industry on any native flora and fauna on and near the land.
- The impact of the proposed extractive industry on sites of cultural and historic significance, including any effects on Aboriginal places.

- The effect of the proposed extractive industry on the natural and cultural landscape of the surrounding land and the locality generally.
- The ability of the proposed extractive industry to contain any emissions within the boundaries of the land in accordance with relevant legislation.
- The effect of vehicular traffic, noise, blasting, dust and vibration on the amenity of the surrounding area.
- The ability to rehabilitate the affected land to a form or for a use which is compatible with the natural systems or visual appearance of the surrounding area.
- The ability to rehabilitate the land so it can be used for a purpose or purposes beneficial to the community.
- The effect of the proposed extractive industry on groundwater quality and the impact on any affected water uses.
- The impact of the proposed extractive industry on surface drainage and surface water quality.
- Any proposed provisions, conditions or requirements in a work plan that has received statutory endorsement under the *Mineral Resources (Sustainable Development) Act 1990*.

Permit conditions for extractive industry

A permit to use and develop land for extractive industry must not include conditions which require the use to cease by a specified date unless either:

- The subject land is situated in or adjoins land which is being developed or is proposed to be developed for urban purposes.
- Such condition is suggested by the applicant.

A permit to use and develop land for extractive industry must include:

- A condition that allows for a period of not less than five years for the use and development to commence before the permit expires under section 68 of the Act.
- Conditions that are consistent with the requirements specified in Clause 52.09-6.

Requirements for extractive industry

The use and development of land for extractive industry must comply with the following requirements, to the satisfaction of the responsible authority:

- Except in accordance with a permit, no alteration may be made to the natural condition or topography of the land within 20 metres of the boundary of land. This does not apply to driveways, drains, bund walls or landscaping.
- Shrubs and trees must be planted and maintained to screen activity on the land.
- Parking areas must be provided for employees' cars and all vehicles used on the land.

Notice of an application

Notice of the following kinds of applications must be given in accordance with section 52(1)(c) of the Act to the Secretary of the Department administering the *Mineral Resources (Sustainable Development) Act 1990*:

- An application to use or subdivide land or construct a building for accommodation, child care centre, education centre or hospital:

VICTORIA PLANNING PROVISIONS

- Within an Extractive Industry Interest Area.
- On land which is within 500 metres of land on which a work authority has been applied for or granted under the *Mineral Resources (Sustainable Development) Act 1990*.
- An application to construct a building or construct or carry out works on land for which a work authority has been applied for or granted under the *Mineral Resources (Sustainable Development) Act 1990*.

This requirement does not apply to an application to extend a building or works.
