I am writing to lodge an objection to the planning permit 200312 for the property at 13 Ventnor Boulevard, Ventnor. I am the owner of the house at [redacted] The front of the house exceeds the 7.0 m that all should conform with, and I believe this property should be made to conform to this. This height limit was introduced to stop people from disrupting views of other residents ,like myself. Could they not excavate deeper into the the block and I believe this would not have any impact on the design of the house. Also the house should be more square to the block this [redacted] and give the occupants more access to their backyard. I trust the objections are noted and accepted. [redacted]
